Register of Maddapparam Village of Kilapidarisiri in the Talug of Yerumuduvaram of Sivaganga Zamindari estate in Madura District

Register No. 906 | Kilapidárisiri கீழ்பிடாரிசேரி

1 This is one of the Villages in the zemindary of Sivagangai - This was granted for the support of Mulubagal Swamy Mattam in Vádapalli in Salem District -
- A "Sanyasi Guru" or Priest always presides over this Mattam with various honors - The Priest spends always his time in reading Puranahs & worshipping the God -
The proceeds of the Village are appropriated to feeding Bramins & to worshipping the Swamy in the Mattam daily - The revenue of this Village is not sufficient to keep the
Mattam in an efficient state. The disciples of the Guru, who are scattered over the whole World contribute to the charges of this Mattam -
The Mattam is now efficiently kept up - The object of the grant is not in any way frustrated - This Village is entered in all the accounts in the name of the Mattam -

II No remarks about the area or about the boundaries on the part of the Rajah's Vakeel. The boundaries now inserted in the vernacular statement correspond
to those in the Account of F 1244. Hence the boundaries are confirmed here & the 529 Acres & 18 Cents situated therein are registered here.

III ... The Vakeel of the Trustee produced an account first with the following entries & failed to [illegible] tell me satisfactorily whether the lands inserted therein
are situated within or beyond the boundaries given in the Account of F 1244 -

I got the Village measured by one of the Taluq officials of the Zemindar & the results of which
are given in columns 4 & 5 of the preceding side of this Register. The Vakeel of the Trustee & the
Vakeel of the Ryots admitted the fairness of the measurement. Hence the results of the
measurement are adopted in this settlement. This will shew that the Trustees of the endowments
of the Religious Institutions ~~also~~ are also in the habit of concealing lands situated
within the boundaries of their Villages. It is my opinion that the Trustee should be charged
with something as a penalty for his fraud in concealing large extent of lands, though this
Course is not permitted by the Inam Rules. I think such cases may be dealt severely.
upon special authority of Govt. I am warning every one not to conceal lands but to
of no value. The Trustee concealed the lands purposely & not inadvertently. Though the [illegible]
Lands of this part of the Country are not systematically measured, still the Inamdars
have correct measurement accounts of all their lands. They will not bring out these accounts.
The Vakeel of the Trustee says in ~~the~~ his Quit Account that the income of the Village
is 42-8-0 per annum. This is quite false. I value this village at 600 Rupees
with reference to the fertility of soil & the average annual of the contiguous Ayen lands.
What other serious fraud is there than to say that this Village produces annually 42
Rupees, while it is ~~fit of~~ capable yielding a sum of 600 Rupees per annum. I recommend therefore
strongly that the Trustee should be punished. Row. Such frauds are committed ~~by the~~
to assist the holder of the Dasavandam Village.
& to give me no proper data for the valuation of the Village [illegible]

The difference of valuation in cases of this kind where no Quit rent is charged will not affect the interests of Government.

The excess belongs to the Oyl Inam — No Takarar on the part of the Ranji Vakeel or on the part of the Trustee of the Chattrum to registering the excess — Hence 9 Acres & 28 Cents are registered here

The Inamdars pay a sum of Rupees 5-14-8 from time immemorial annually to the Manager of the Chattrum, in one of the Villages of which the Inam is situated. This was entered in the account of Fs 1211 as Ardhamaniyam. But the entire Inam is in possession of the Temple since long.
