H. H. H.

I This is one of the Dasmas among in the Jernensang of Sanyanga. This was granted by the Jernensang all to the Jernensang 113-  
for subsistence. This is a hereditary grant. This is in uninterrupted possession of its holders since the date of the grant.  
This has no Patta. It was lost. The Village is supported by all the accounts of 112. No. 10. It was about the area or about the  
boundaries on the part of the Rang's Vakeel. The boundaries correspond to those in the account of 112. 246.  
Hence the area of 30 furlis is confirmed lost. The Village consists of 5 equal Villages. They are enjoyed as shown in the  
margin. The lands are divided from unit to Patta in four on the number of Villages equally & permanently.  
II The Dowry of 112 is a descendant of the Cpl. Grantee & others are alive. In 113 the person 112 of 116 purchased  
his lands for Rs. 77 7/8 from Lakhingar, descendant of the Cpl. Grantee. Bill of sale is on a stamped paper  
Transaction proved to be bonafide. Enjoyment proved. The person 113 & 116 plead that their ancestors purchased the one Village  
entirely appertaining to their names in 113 for Rs. 77 7/8 from one of the descendants of the Cpl. Grantee. Bill of sale is  
on a plain paper leaf. Transaction proved to be bonafide. Enjoyment proved by the Dowry of 116 & others.

(We must save)

II The lands depend upon one Tank of moderate size - It is in repair - It is fed by ~~the~~  
a Temple Stream & by the Waste Water of the adjoining ~~the~~ <sup>the</sup> Villages. The land -  
is fertile annually. No Scarcity of Water is felt generally. The prof. of 6 aay that 11 aay of land are  
cultivated annually & the rest is of long waste fit to be cultivated annually. Some of the best lands  
are cultivated annually 2<sup>d</sup> time. Soil is of a superior quality generally. No Famine is raised -  
No Pungola cultivated here. The average income of the Village as per statement of the persons of 6  
is 50 Rupees per annum. This is not true - There are two other Villages contiguous to this Village -  
The soil is of a superior quality generally. The average Net assess ment of the Maganama in which the  
mai Village is estimated comes to 8 1/2 Rupees per Acre. This is somewhat high - In estimating  
the fertility of soil & from the valuation of the Village as follows

Oct 11 Amm. full grown ab 7/20 per ann 82-80
