These are the five villages granted for the support of the Temple of the Dandayuda Pany Swamy in Palany Village. This is a permanent grant. Patta is on a Copper Plate. No Sataren about the Area or about the boundaries of these villages on the part of the Rany's Vakeel. The boundaries of these villages are given separately in the Account of July 1246. That is these five villages are entered separately & the boundaries of these villages are given distinctly. In the Patta, a one boundary line was drawn around all these 5 villages. The Rany's Vakeel says that the boundaries given in the Patta & in the Account of 1246 are one & the same on the spot. The object of the grant is to meet the expenses of Dutchy Kala Rattai or messengers who shipping. This is done now daily. The Area of these five villages is given in lump in all the Accounts. Hence they are brought on one & the same Register. Porup & Neethilages is 106-5-2 on lump. These five villages are contiguous to each other. All the Dry & Wet Cows are in possession of the Temple.
