

Stamm des ... - ...

These are the 3 Hamlets in the Zamindary of Dwergungal. They were granted by whom it is not known for the support of the Temple. These Jagat Jagwara are hereditary. These are permanent grants. No Patta. The Temple is efficiently kept up. These Villages are situated contiguous to each other. These are brought in on one & the same Rajwade - as the recognized boundary line runs around all them including all these lands & as the former our settlers these 3 villages as one. No Talkara about confirming here the recognized boundaries of these Hamlets or Villages, on the part of the Pargana Talukdar. Hence the recognized boundaries.

are confirmed by 78 & Mrs V's facts situated therein are registered here
II These 3 hamlets are entered in the name of the Temple in the Accounts of 1721-1723 &c But in the account of 1722, the name of 2^d Village is given as Periya Sentalanendal. This is a mistake. The proper name of this Village is Muramendal. There is no such Village as Periya Sentalanendal - unless he has been deceived by the Rajah's Vaikal. This is a fair inference.

III The average income of these villages are Rs 4000 Rupees per annum as per statement of the Rang's Talukdar. This is a fair income. The Temple is under the management of the Rang -
