Milakurichiyendal

Henry & F. J. Byrd

1 This is one of the Damosanam in the zeminary of Perunguz - This was granted by the zeminary of 1811 to the person of 1813 for subsistence - This is a hereditary grant - This is in unencumbered possession of its holder since the date of the grant - This has no Patta - It was lost - The Village is entered as Damosanam in all the accounts of 1812 - The boundary of this Village is recorded in the account of 17723 - It is not recorded in the account of 17244 -

As the 28, 29 & 30 ferts are situated within the proper limits of the range, they are registered here.

II. The Village is enjoyed by the persons of 6 in two equal shares - & Porcupine is paid equally -

III. The person No. 1 of 16 purchased half of the Village in AD 1851 for Rupees 262-8-0 from one Teruvengadamayyar - a descendant of the original grantee.

Bill of sale is on a stamped paper leaf. Transaction proved the bonafide by witness enjoyment proved.

15 The grand father of the husband of the Widow No 2 of 1816 purchased the remaining half of the Village about 60 years ago. No bill of sale -

No. 2 of 186 is in possession of head of the village in amie long.

No 2 of 186 is in possession of half of the Village in Anne County
& that her ancestors did purchase it legally & enjoyed peace
(Vale must see)

Valuation

Wet lands depend upon one tank of moderate size. It is not in thorough repair. It is fed by the waste water of the adjoining open villages. Kanjala lands are cultivated annually in Pongla. Some of the wet lands are cultivated annually in full - Kanjala & Kanjala lands are of a medium character generally. No grain crops are raised. This is a small village. The average income of the village as per statement of the Mahajanams is 45 Rupees per annum. The contiguous open village is Attatur & Kovar. The average wet assessment of these villages comes to 8 & 6 Rupees per annum. The average wet assessment was calculated for a period of 15 years previous to 1270. The Mahajanams say that the soil of the village may be placed on par with that of the open villages in point of fertility. The average of these two villages comes to 7 Rupees per acre. The contiguous open villages are in flourishing state. In consideration of the fertility of soil & from the valuation of the village as follows.

Wet 12 Acre cultivated - at 7 Rupees per acre - 84 -

Wet 5 1/2 Acre an inferior quality at 3 Rupees per acre - 16 - 8 - 0.

Dry 5 1/2 Acre waste at 1 Rupee per acre - 5 - 6 - 0.

Total 101 - 14 - 0.

Not included
2 - 4 - 34.
