Register of Thomasaanam Village of Modaliyarendal Mahalt of Kilaiadam in Chapter Valley of Kiravaipattu

Register No. 74

Modaliyarendal

Sheet No. 71

A General or Remarks &c.

I This is one of the Thomasaanams in the Zemindary of Sevagunga. This was granted to the 4 013 for subsistence. This is a hereditary Grant. This is in uninterrupted possession of its holders since the date of the grant. No Patta. The Thomasaanam is separately accounted - for No 12 This is omitted from the Boundary Register by some mistake or other. The boundaries of the Village are not recorded in any Taluq Records - Now the proprietors request the boundaries of the Village in the present Register. As they produce the same bounds the Zemindar's Vakil passed them without raising any objections. Hence 12 Cutcheries & Pagodas are confirmed here as the area of the Village. The proprietors are not any way related to those - persons - In A.D 1803 the Great Grand Father of the proprietors No 16 acquired Rights of the two other Villages, the regulating whereof are placed with this, with other movable property as bequeathed in a Written Will - from Meenakshi Natha Gunkel, a descendant of the Original Grantee - The Donor gave this property to the Donees nominating the latter as his heirs & assigns Hence it not related with each other - The Deed in which No 304 of 1811 on the file of the Zillah Court of Madura is in support of the bequest - (X)

II Sebkeads depend upon one Small Tank - It is fed by Channel a Single Stream - The Tank is in repair Dry & Wet Lands are cultivated annually - No Garden crops are raised - Soil is of a middling character generally, Scarcity of Water is felt at some instants - This is a small Village - Hence its proprietors no much remark - The average people of this Village is 50 Persons as per statement of the Vakeel of the proprietors who appears for this Sebkeads

(3) As the two other Village Sattis proprietors & Sebkeads are placed with this are entered in the Extension account as subsisting with Pongul for the account of 1223 - They are separately - are selected above as some deficiency from each other Hence they are brought to one 3 accounts respectively
