Sheet No. 583

Pattatalachi_Murtinayinarendal

பட்டதலச்சி மூர்த்திநயினார்ந்தல்

1 This is only the Darmasanam in the Zemindary of Sivaganga. It was granted by Mahabalivana Raja originally & renewed subsequently by Periya Vodaya Tever in the name of Sundara Rajaiengar & others. This is a hereditary grant. It is in uninterrupted possession of its holders since the date of the grant. This has no Patta. It was lost. The Village is supported by all the accounts of 1012 - Nozak area about the area or about the boundaries on the part of the Rany's Vakeel. The boundaries correspond to those in the Account of 1244. Hence the area of 44 Acres & 70 cents is confirmed here. The excess is really a marked one. But this is attributable to the utter unworthyness of the old accounts & not to any encroachments upon Ayan lands. These lands of 44 Acres & 70 cents are situated within the proper limits of the Village. This Village consists of 8 equal Vutters. They are enjoyed as shown in the margin. The lands are divided permanently - Poruppu is paid on the number of Vutters equally & permanently ——— (Vide next one)

II The persons Nos 1 & 16 says that his father's mother's father acquired the lands in Sft from the Govt Grantee about 120 years ago — No documents —

III The persons Nos 2-3-4 & 5 & 16 say that their father purchased the lands in old Sft 2448 24 for Rupees 127-3-4. From one Muttu Venkatachala Ramyengar — & produced two documents on plain paper bearing purporting to be the bills of sales executed by the seller — Both the documents are — There are no documentary witnesses to prove the genuineness of the documents produced by the persons Nos 2-3-4 & 5 & 16 — nor the statement of the persons No 1 & 16 — But the name of the father of the person No 1 & 16 — & of the mother's father of the person No 1 & 16 is given in No 15 — Hence the persons No 1 & 16 may be said standing standards in the Village — the accounts the right of the persons Nos 2 & 5 & 16 — to the shares entered opposite to their names — Hence the persons 16 became the rightful owners of the Village —

Valuation

IV — Wet lands depend upon two Tanks of moderate size — They are in repair — They are fed by a Jungle Stream & by the Waste Water of the contiguous Villages — The Tank is filled annually — scarcely & Water is left annually — The Ryots say that 22 Acres of Wet & 4½ Acres of Dry are fallowed annually in Full & that 6 Acres of Wet Land as waste are lying uncultivated lands fit to be fallowed —

Some of the Wet lands are fallowed annually 2d time — Nanjah & Punjah lands are of superior quality generally — The colour of the soil is red clay which is of a superior quality — No garden crops &c are raised — The Village is in a pretty good state — The contiguous Ayen Village is Mania Mannai — The average Wet assessment of the Village calculated for a period of 15 years previous to Ft 1270 comes to 5 8 — per acre — The average Dry assessment of the Ayen Village is 12 — per acre — The average income of the Village as per statement of the Ryots is 600 Rupees per annum — This is not true — The Village has a good supplying Channel with good lands — In consideration of the fertility of soil &c I frame the valuation of the Village as follows —

Wet — 22 Acres fallowed annually once & partly 2d time at 5½ Rupees per acre — 121 —

Wet 6 Acres Waste &c at 2 Rupees per acre — 12 — 133-0-0

Dry 4½ Acres — at 1 Rupee per acre — 4-8-0

Total — 137-8-0
