1. The least dispute upon our side is the policy for the payment of  
 - Taxes. We have no doubt as to the necessity of the  
 - is sufficient annually to tax. The fact is of a comparatively small quantity  
 - No Village follows the policy of the State. No Village is assessed -  
 - The policy of the State is not yet much generally -  
 - The average assessment of the Village is in the State is not  
 - in the margin. The average assessment is higher than the average of the Village -  
 - The fact of the present policy of the Village is 1/2 of the present - The fact is not true  
 - In consideration of the nature of the fact I present the following as the  
 - as follows -
