I The is one of the Villages granted for the support of Sree Sugunendra Vilisawara Swamy's Temple in Nemom. The is a permanent grant. No Potta-
The Village supported by all the accounts 1012. The Temple is efficiently kept up. Swamy is worshipped four times in a day.
The boundaries of the Village are not recorded in any of the accounts. The Trustee has not produced the sanad granting the Village to the Temple.
The Zemindar Vakeel objects to registering the enams brought on the Register by reason that the Village has no defined boundaries. His argument is just & proper
as far as I can see. Hence I registered the 87 fasli entered in the Account of Fs 1211 & Fs 1223. In the Peishcush Account of Fs 1211, Pongal of Rupees 7 7 5 - 4 8
is entered for this & 5 other Temples. In the account of Fs 1223 Pongal of Rupees 78-91 is entered for the Temple under Settlement. Now 112 Rupees 8 As 9 is paid
for all the lands belonging to this Temple. It appears the latter sum is paid since the last half century. The increased Pongal is is not paid for the enams.
I think the existence of which is not known to any. No Potta. No Patta accounts.

II The average income of the entire Village is 96 Rupees per annum. The Temple is under the management of the Trustees since the date of the Peishcush

Under the explanation given by the D.C.O. the Charge of including except being fixed within the recognized boundaries of the Village is confirmed to the Pagoda in C.C. 16 on present tenure. The J.D. letter given for this Village Regl. Nos 105, 196, 196, & 197 the Jodi in all of which is fixed in a Cumpt. The existence of many in the Village in the Cadastral Survey is entered on the back

The explanation regarding boundaries is not satisfactory. I believe the boundaries of the Village in which 8 enams are the Rain Objected, & is there fromy to believe that the boundaries have been understated to what extent. Before the confirmation of the proceedings dated 1 full explanation of the case should be given
