III ... The person No 5 of 16 claims to the lands entered opposite to Person No 15 of 16 by reason that his father Elder Brother purchased the lands in Adi 1838 for Rupees 38 from Kandasamy the Elder Brother of the Mother of the person No 15 of 16 - The Claimant produced the bill of sale and the same was executed by the said Kandasamy - No witness from the genuineness of the document - The person No 12 of 16 also is the son of Kandasamy above alluded to and the bill of sale does not bear the signature of his father who died about 20 years ago - The persons No 5 & 15 of 16 plead that the lands in dispute were not sold at all - that Thanica Kandasamy, the father grandfather of the person No 5 of 16 & younger brother of the Mother of the person No 15 of 16 mortgaged the lands. about 30 years ago to the father of the person No 18 of 16 - The Claimant No 5 of 16 asserts that the lands to which he claims are not in possession of his family under the tenure of the bill of sale upto this day; that the lands were mortgaged sometime ago to the father of the person No 18 of 16 - & that the person No 18 of 16 mortgaged those lands to him 6 years ago - From this it is clear that the lands in dispute do belong to the person No 15 of 16 & that the Claimant No 5 of 16 — has not a shadow of right, as he has not enjoyed any of the same upto the date as pendens - If he had purchased the lands he would not have redeemed the lands in mortgage from the person No 18 of 16 - Hence the Claim of the person No 5 of 16 is rejected & the party is refused to [illegible] all the property of the Brother of the father of the person No 15 of 16 - fell in possession of the person No 15 of 16 long ago - as the former died without issue about 30 years ago -
