 Rem 1143

The extent of a minor share deducted from the total
 agent equal to 1/4 appears to have been erroneously
 included in the calculation of the share, the Defect
 will advise this calculation & also explain the cause of the difference
 in the amount of apartment charged on the Deostanam, Schatram & Kares which are equal

1-2-84 } Five shares are conferred
on present tenure
subject to the existing Indl
of Rs 21-13-9. W.M.

purchased one Vithy in A.D. 1838-1842-1857-79 & 80. In pages 599-9 - from one
Look along in Pillai, Araya Muttu & Piliat, Tonsallattu & Pillai Four Bills are on
stamped paper leaves. The sellers are those who purchased the Vithy previously - The
persons No 1 & 2 of 186 who are enjoying Darmsanam portion say that they purchased
the remaining one Vithy some 70 years ago & that bill of sale was lost.
The persons No 1 & 2 of 186 produce receipts granted to their ancestors during the last 70 years
by the Zeminour for the payment of Pompos of the one Vithy which has no bill of sale.
The receipts are in the name of the father & grand father of the present No 1 & 2 of 186 - who
are enjoying the Darmsanam portion. The right of the said holders of the Darmsanam
portion is proved by the bills of sales & by receipts as stated above. In the accounts of 1850 the
names of the said Grantees or holders of the Darmsanam portion are given

was calculated for a period of 10 years.

Valuation of the Darnasaram portion

• Wet lands depend upon one Tank. It is in repair - It is fed by a Tringle Stream & It is fed by the Water of the adjacent Ayer Village. The Tank is galled annually. Scarcity of Water is not felt generally. Wet lands are cultivated annually in full - & few of Dry lands cleared as waste & are of long waste. Some of the Wet lands are cultivated annually 2 times. Mangals & Pongals lands are of a superior quality generally. Harvest is good - The contiguous Ayer Village is all arised. This is an important Village. The average Wet assessed of the Village calculated for a period of 10 years previous to 1727 comes to 672 - per acre. The holders of the Darnasaram portion say that their lands are not as fertile as those of the Ayer Village - The average Dry assessed comes to 12 - per acre - The average income of the full stream portion is said to be 2000 - & that of the Darnasaram portion is 1600 - The holders of the Darnasaram portion say that their income is 600 per annum. There is

(X)

(X) The income from the Dartmouth & Devonshire portion was
£1000 per year - before the war it was £1000 per year -
consideration of the possibility of evil &c I presume the valuation of
the Village or Dartmouth portion as follows -

Oct-12 ^{at 876 cents} Aug at 6-10-2 per acre - 84-10-8

Day 11. Area at 1-2 - per acre ————— 12-6

Drygst - 26 cents. 8-6 - 4-13-9

Label — 101-14-5
