17 The Dummam is supported by all the Accounts of 1812. This had only two offshoots -  
 & Kumbachy Taluk - Mammang - still attached to Muppagapatty, the Taluk  
 & Kumbachy is treated as a separate Village since long. The account of 1812 is recorded  
 - separately - in the District Accounts - The Hamlet of Kumbachy is  
 the former since long - Since it is ~~separated~~ brought on a separate Register  
 of the Range Taluk & the lands of the Kumbachy Taluk are detached from  
 the Village with settlement - The area of the latter Village of Muppagapatty & its  
 extent in 1812 is all the accounts of 1812. In the former one Account of 1812  
 Muppagapatty & Kumbachy Taluk is given separately. No Talk was about  
 the boundaries on the part of the Range Taluk. The boundaries correspond to the  
 of 1812. Hence the area of 280 acres is confirmed here. This Village consists of 26  
 are enjoyed as shown in the margin. The lands are divided permanently. Poruppa is part  
 of the same equally & permanently. The Mahajans say that the land situated in the  
 in the possession & that the boundaries given in the Patta are not correct as they are  
 contiguous Ayer lands. The Mahajans say that the Village was granted by  
 various families of Nara Gobra & Nara Tulam & the the persons 1-2-3-4-5

The Mahagunams <sup>177 1/2</sup> acres of land 177 1/2 acres of land as Porumbake.  
 105 acres of land 137 acres of land as fullwater lands 172 1/2 acres of land as water.  
 At the time of the settlement when I made them know the principles of the settlement,  
 they admitted that 177 1/2 acres of land as Porumbake are waste lands -  
 The Mahagunams say that there are very small extent of waste lands in the Vel area.  
 Nanjale & Puzhale lands are of a superior quality generally. The soil is partly Puzhale  
 partly red clay. Harvest is twice - Puzhale Vel lands are fullwater annually -  
 2 times. 1/2 of the Vel area is said to be fullwater annually, then, 2d time -  
 The Village is in flourishing state - like the surrounding Nayan Villages -  
 The average income of the Village as per statement of the Mahagunams is 655 Rs  
 per annum. This is not true. The contiguous Nayan Villages are Paytanery  
 & Polavenpatty. The average land assessment of these Villages calculated for a period  
 of 15 years previous to 1770 comes to 9-5-4 & 6-14- per acre -  
 The average land assessment of these two Villages comes to 8-0- per acre -  
 The soil of this part of the country is such. The average dry assessment of the Nayan  
 Villages varies from 0-15- to 2-3- per acre. The Mahagunams say that cotton  
 crops which are sown in the highest rate of dry assessment, are not grown in this  
 Village - 1/2 of them are fullwater with garden crops. In consideration of the fertility of soil & 1/2 of them are fullwater with garden crops. The soil of this  
 Village may be placed on par  
 with that of the Nayan Villages -
