III Wet lands depend upon one tank of moderate size
 by a single stream. The tank is filled annually - but
 being long and narrow. Dry. Wet lands are of 2 kinds
 Wet lands are not cultivated annually 2 times - Harvest is once
 The Village as per statement of the Mahajan is 26 Ruper,
 there is not any more I have no materials to order here the
 present system of wet lands - In consideration of the fertility of
 valuation of the Village as follows -

- Wet 8 acres full water at 2 Ruper per acre 32 -
 - Wet 1 1/2 acres full water at 1 Ruper per acre 1 1/2 -
 - 1 Ruper per acre

Dry 3/4 of 1000 Ruper per acre
