The late Joking the person N^o 1 of 16 gave in A.D. 1857 half of the village to the widow
- N^o 2 of 16 who lost her husband in her field work, she enjoyed during her life - The nature of the
agreement bearing on the subject ~~the share~~^{the share} of the share of the widow N^o 2 is to remain to the person
- N^o 1 of 16 or to his heirs - One Lawyer appeared for the settlement with the Vakalat namas
from the person in 16. The persons N^o 1 & N^o 2 of 16 are paying the Pongu equally -

III. No farther about the area or about the brown series on the part of the Range Valley. The boundaries now inserted in the vernacular statement correspond to the recognized lower limits of these villages. Hence the brown series are confirmed here & the 29 ft. & 30 ft. strata mentioned herein are registered here.

The three last villages are brought on one & the same Register as the area of the same is entered in Lump, as the Pompey is paid in Lump; as they are contiguous to each other & as they are treated as one by the Indian Service.

II. Vella Nachiyar to whom it is said in the Account of A.D. 1860, that these Villages were rented out, was one of the Daughters of the Patimar Jemindar, & Muttu Vozaga Nodda's Periya Vozaga's son who sold these Villages in A.D. 1862 to Subbaraniya Pillai was one of the Daughters of the Patimar Jemindar. The remark in the Account of A.D. 1860 that these Villages were rented out to Vella Nachiyar is therefore not true.

VII The descendants of the person of 13 are not alive - The family is extinct -

III From the remarks in the Decree of A.D. 1860, it appears that the villages were relinquished by the person of 1835 the Jemison - There are no other materials to prove that ^{said} person it - nor to show when these villages in fact in possession of the Jemison - The ^{old Jemison} Historical Gazetteer is said that these villages were given to the person of 1835 died 36 years ago. The Range's District says that he does not know when ^{they} were given - nor ^{now} are there any Accounts showing the

I show these villages reverted to the Petmarjeminon-ron
On the whole as they seem to be of a service tenured as the service ought to have been discontinued subsequent
to the Petmarjeminon-ron are entered in the name of the p/o 13 in the Account of F & C 12. I recommend
to confirm these villages on the present holders paying on 1/4 of assessment.
