1 This is one of the villages in the remainder of Curyanga. From the Account of 1721-1723-1724 it appears that the entire village was granted for the support of the Temple of Sri Annapoorna Narayana Sureswari at Madure. The Temple is ²⁹¹⁸²⁵ efficiently kept up. It has several other villages besides this of the names of which are given in the margin. All these villages are

I Papiynglem (now under settled on the register)	Papaynglem or free from all tax. No talk now about the area or about the boundaries on the part of the Rang's Vaddel. The boundaries now inserted in the vernacular statement correspond to those in the Account of 1724. Hence the
II Taravapatty	boundaries are confirmed here & the 52 Acres & 94 faths situated therein are registered here
III Alagapury	This village has no Patta. The pums 12-34-56-78-910 & 11 in fo 16 claim to half of
IV Pataingolem	the Village on the ground that it was given as gift by "Jannathie Rajah" to their ancestor
V Curyangimal	two centuries ago as Dammaraman or personal grant & that deed of gift was lost. & of the meeting
VI Ambalathay

Ratio of Government

May 1-7
 May 10-13 3

Average Ratio of Government Salary per Acre
 May 1-5-5
 May 4-6-1

Average Value of grain of Meliaaram on wet land in Yelavarum
 Mahanarum Consisting of Agri Villages in Taluk of Tribhuvanam
 for a period of 15 years

From 1250 to 1275	Cultivated area in Acre	Crop out turn	If whole grain is sold at 45 per bush	Average price of grain in Rs. A. P.	Value of grain in Rs. A. P.	Ratio per Acre
1250-5-0	4869-77	52758-5-2	20327-9-3	1-6-7	29702-14-8	6-2

X In proof of their arguments they produced the following documents-

1 Bill of sale of 1812 showing that 1/2 out of 3 Buttes was purchased by Venk at Achalamangur, ancestor of the person who is now -
 Mutter Venk at Achalamangur for Rs. 5-3 - Bill of sale is on plain paper leaf -

1 Bill of sale of 1814 showing that 1/2 out of 3 Buttes was purchased by Venk at Achalamangur, ancestor of the person who is now -
 Adirattanamangur & Abizer for Rs. 4-3 - Bill of sale is on a plain paper leaf -

2 Bills of sale of 1812 & 1814 showing that Adirattanamangur & Abizer purchased 1/2 out of 3 Buttes for Rs. 11 from one Adirattanamangur & Abizer -
 Adirattanamangur - These documents are on plain paper leaves

The Vernacular Record keeper of the Collector's office furnished me the Maratha Jani Churny Accounts of 1227-1228 for this Village -
 These accounts show that half of the Village belongs to the Temple & the remaining half by the Agraharam -
 Estate of Sivaganga was under the management of Govt officers in these times & in others - The Record keeper says that he could not find Jani Churny Accounts any other years than those above - The Dehastanam & alleged Dammisanam lands are undivided - Cereal Produce is shared equally always -
 It is also stated that the alleged Dammisanam belongs half of the Village &

Handwritten signature

- treated as the Devasthanam in government as it is entered as such in the Revenue Account of 1211 & 1212; that he finds from the Pamabany Accounts available that -
 - this village is held equally both by the Temple & by the Agraharam and that he cannot say since what time this village is thus enjoyed - The Pamabany Accounts
 - allowed to by the Vakil relate to 1247 to 1272 - In all these accounts, the gross gross produce of this village is shared equally between the Devasthanam
 - the Agraharam or Darmasaram - I don't think that the Revenue, while the estate was under his management, & the Talukdar, while the estate was under his
 - management, would give half of the gross produce of the village to the holders of the Darmasaram - but it is evident that the Revenue misappropriated
 - & dispose of the income of the public institutions in contravention to the provisions of Section XII Regulation XXII of 1802, it is to be suspected whether
 - half of this village which is alleged to be as Darmasaram or personal grant was granted by the Revenue improperly - to the holders of the Revenue No 671 of 16
 - There is no ^{any} evidence to prove the genuineness of the bills of sale of 1217 99-1882 & 1884 - produced by the Revenue No 2 to 14 of 16 - In such cases where
 - the titles of the Revenue are in dubious state, it is - natural to the discreet Revenue to - gorge documents & - Hence the bills of sale ^{of 1217} of 16 are
 - of course it is satisfactory, would by the Revenue of 1222 & 1228 of subsequent date that half of this village is enjoyed by the Revenue as personal grant
 - since the last 47 years - I recommend to confer half of the village upon the Temple under Rule III of clause one ^{of the remaining} half to the Revenue No 674
 - on half assessment under Clause III Rule XII - The village consists of 6 equal Taluk - They are enjoyed as shown in the margin of the first side of the final sheet - 16
 - The Revenue are undivided - No Revenue -

Sheet No. 1316

Valuation -

II - - - Wet lands in this village are depend upon one fault of moderate size - It is in repair - It is fed by a single stream & by the waste water of the contiguous -
 - villages - The fault is filled annually. Scarcity of water is not felt generally - This village was measured & the results of the same are adopted on the consent of the parties
 - concerned - Of the Wet. 26 Acres are cultivated annually & 3 1/2 Acres occasionally - as stated by the holders of the village themselves - Dry lands are said to be
 - of about 10 years waste - 1 Acres are cultivated at once - The holders say that they were kept waste from their
 - some of the wet lands are cultivated annually - 2 times - Dry & Wet lands are of a medium character generally & No garden are raised in this village -
 - The average income of this village (entire village) is 116 Rupies per annum as per statement of the holders - The Vakil says that he has no Pamabany Accounts
 - in which the contiguous villages are Revenue & Revenue - The average Wet annual of these villages calculated a period of 15 years from 1256
 - to 1270 comes to 7 - & 4 12-2 per Acres respectively - The average Dry rates vary from 1-2 to 5-8 per Acres - In consideration of the fertility of soil
 - I frame the valuation of this village as follows - The holders of this village say that the soil of this village may be classed on par with
 - the average Wet annual of which is 4 12-2 per Acres - This is not true Wet at all -

(Final sheet)

Wet - 26 <u>Acres</u> cultivated at 5 1/2 <u>Rupies</u> per <u>Acres</u> -	143-0-0
Wet - 3 <u>Acres</u> & 28 <u>Acres</u> cultivated at 1 <u>Rupies</u> per <u>Acres</u> -	3-8-0
Dry 6 <u>Acres</u> & 72 <u>Acres</u> cultivated at 1 <u>Rupies</u> per <u>Acres</u> -	174-0-0
8 <u>Acres</u> per <u>Acres</u> -	148-6-0
