1 This is one of the Damagannas in the zamin of Torangan - It was granted by all Chabalivans Rajahs originally & renewed
subsequently by Perrya Troaya Tener - in the name of Tundara Rajahs & others - This is a hereditary grant if this is in unbroken
possession of its holders since the date of the grant. This has no Patta - It was lost - The Village is supported by all the accounts of 1744 -
No talk now about the area or about the boundaries on the part of the Rajah's Takel - The boundaries correspond to those in the Account of
1744. Hence the area of 44 Acres & 70 perches is confirmed here. The escape is really a marked one - But this is attributed to the utter
unworthiness of the old accounts & not to any encroachments upon Royal lands - These lands of 44 Acres & 70 perches are situate within the
proper limits of the Village - The Village consists of 8 equal Thuttes they are enjoyed as shown in the margin - The land is divided permanently -
Produce is paid on the number of Thuttes equally & permanently - (Vide next page)
