1 These are the five Villages granted for the support of the Temple of the Dargah at Pany Pany in Pany Village -
This is a permanent grant. - Patta is on a Copper Plate - No. 1246 about the Area or about the boundaries of these Villages on the part of the Pany Village -
The boundaries of these Villages are given separately in the Account of July 1246. that is these five Villages are entered separately & the boundaries of these Villages are
given distinctly. In the Patta, a one boundary line was drawn around all these 5 Villages. The Pany Village says that the boundaries given in the Patta & in the
Account of July 1246 are one & the same on the spot. The object of the grant is to meet the expenses of Tutech Kala & Ratha or messengers worshipping -
This is done now daily. The Area of these five Villages is given in lump in all the Accounts. Hence they are brought on one & the same Register -
Pany & these Villages is 106-52 on lump. These five Villages are contiguous to each other. All the Dry & Wet Cans are in possession of the Temple -
These Villages & the charity are under the superintendence of the Pany. Masutt all year day is the mother Village & the remaining four are its Hamlets.

A blank, aged, yellowish-brown page, likely an endpaper or flyleaf of a book. The paper has a textured appearance with visible creases, discoloration, and small dark spots. At the top, there is a faint, handwritten signature in dark ink, which appears to read "L. M. J." followed by a flourish. The page is otherwise empty of text or illustrations.
