II The Letter in Law of the person 16 ~~from~~ acquainted the Village previously in gift of the Village as gift by the late Zemindar the name of the Grantee was illegible in AD 1865 - from the Letter of the present Zemindar the name of the Grantee was illegible Verjida Rayanada Sastry Vadakal Periya Vadiya Jeear - This Village is Kottaryam - or Enclosed property of Zemindar - No ~~remarks~~ Proprietors - Bill sent - on the 24 September 1856, the then Collector Mr Parker in submitting a tabular statement of certain Kottaryam Villages remarked as follows regarding the Village under settlement & the Villages -

"The joint 3 Villages are entered as Dharmasanam with a Dr in the Inam or Account" "They were granted as gift by the 3 documents No 10412 - Two to the Claimants Father who" "They were granted as gift by the 3 documents No 10412 - Two to the Claimants Father who & "& one to the Claimant & were attached in AD 1849 when the Estate was Let on under management. It is recommended that these 3 Villages may be restored with their mesne Profits

Dharmasanam Dr Iyengar & Sons of Sothy Iyengar

× × × × × ×

I think the above is sufficient to shew that the Zemindar was competent to grant - the Village as gift to Sothy Iyengar & Father in law of the person 16 -

The Board of Revenue in their Proceedings Dated 8 April 1857 No 1094 sanctioned the restoration of this Village to the Proprietors

Valuation - of the person 16 -

III Wet lands depend upon Tank & under sluice - It is a ryot- It is gravity Irrigation - The Wet only Requires one Tank full & Dry lands flowed as waste are of 2 or 3 years cultivation lands - & that they will be cultivated Nos year - The Tank is filled annually - No scarcity of Water - From the ryots of the Valuer of the person 16 it appears that there is no Waste in this small Village - Some of the Wet lands are cultivated annually 2d time - Dry & Wet lands are of a superior quality generally There are some inferior lands in detail I have no materials to ascertain the average income of the adjacent Ayan lands The average assessment of the Inamgaram in which the Village is situated is given in the margin - This high - The Dry rates of the adjoining Ayan Village vary from 0 13 6 to 0 0 9 per Acre - The average income of the Village as per statement of the Inamgaram is 7 3 6 - This is not large - For considerate of the fertility of soil &c I frame the valuation of the Village as follows -

Wet 18 Acres cultivated once in full & partly 2 times at 5 1/2 0 per per Acre	9—	108—
Wet 3 Acres of an inferior quality at 2 0 per per Acre	8 12—	
Dry 10 Acres cultivated at 1 12 0 per Acre -	1 11—	10 7 0
Dry 6 1/4 Acres ~~cultivated~~ at 4 0 per Acre		
	Total	118 - 7 - 0

Land Tax 87 64

(Grain estimate)
