II No Talk now about the area or about the boundaries or the part of the
 Range. The recognized boundaries of the 15 Hamlets are inserted in the vernacular
 statement. One boundary line is drawn including them the limits of the 15 Hamlets as they
 are at present contiguous to each other. The names of the 15 Hamlets are entered in the
 English Account of A.D. 1815. The boundaries are copied here & the 23rd of the present year are
 regulated here.

III The Temple is under the management of the Rany - with its Villages -
 IV The average income of these 15 Hamlets is 1500 Rupees per annum as per statement of
 the Suram. This is not true - I raise it to 2000 Rupees with reference to the
 fertility of soil &c. This is one of the most ancient & important Temples in the peninsula
 of Travancore.
