1 This is one of the Darmasanams in the Zemindary of Sivaganga. This was granted by the Zemindar of [illegible] alone & when it is not known this is a hereditary grant. This is in uninterrupted possession of its holders since the date of the grant. This has no Potta. It was [illegible]. The Village is supported by all the accounts of 12. No Lull aror about the area or about the boundaries on the part of the Zemindar [illegible]. Hence the area of 39 Acres & 34 Cents is confirmed here. The boundaries now noted in the vernacular statement do not correspond to those in the account of F1246. The entries in the accounts of F1246 [illegible] proved inaccurate. The boundaries correspond to those in the Bill of sale of 1840, in which the party 16 acquired the Village by purchase. There are no Ayen Village in the Vicinity of the Darmasanam. The Village consists of 6 equal Vattus. They are enjoyed as shown in the margin. The landsare undivided. Porupu is paid on the remainder of Vattus equally & permanently. Settlement. Hence I see no objection to confirming here 39 Acres & 34 Cents.

The ancestor of the party 16 purchased the Village in A D 1840 for Pagodas 450 from Subbarayen. Bill of sale is on Stamped paper. Transaction proved to be bona fide. Enjoyment proved. The seller purchased the Village previously from one Alagoo Saerwai by whom it was purchased previously from Anai Iyen, the person in the account of F1223.
