Approved. W.S. Win 15/11/66

1 This is one of the Dharmasanams in the Zemindary of Sevagungai – This was granted by the Zemindar Fusli 11 in two halves in AD 1727 – & 1799 – to whom it is not known – This is a personal grant – Half of this Village is in possession of the Zemindar as since the last half Century as the then holder of Moondee Subba Row relinquished it by a written Razeenamah on the ground that he is unable to pay the Jodi of a sum of Rupees 16 which it was then bearing – The Zemindar's Vakeel produced the Razeenamah but failed to prove that they brought this circumstance to the notice of the then District authorities – As the Zemindar is enjoying the Village that is half of the Village legally since the last half Century I recommend to confirm it on 1/8 of assessment – The other half Village is in possession of the persons No 2 to 7 of col 16 – The father of the persons No 4-5 & 6 of col 16 & the younger brother of the grand father of the persons No 2 & 3 of col 16 – purchased 3/16 of the Village in AD 1834 – for Rupees 198 from Rangaroyer, ~~Chetti~~ Two bills are on plain Cadjan leaf – & the rest 1/8 of the Village was acquired in gift in AD 182 from Subbaroyer, father of the said Rangaroyer. Deed of gift is on plain Cadjan leaf – The said Subbaroyer had acquired the half Village in gift in AD 1797 from one Sahiboy Ammal, a descendant of the Original Grantee. Transactions proved to be bonafide – Enjoyment proved by Evidence. The Woman No 7 of col 16 acquired her share from the Grand Father of the persons No 2 & 3 of col 16, who is the father of the persons No 4-5 & 6 of col 16 – in AD 1840 – as per money. Deed of gift is on plain Cadjan leaf. There is a Tallerum regarding the enjoyment of shares among the persons No 2-3-4-5 & 6 of col 16 – These individuals also mentioned in the Register of the Dharmasanam of Vellakudy & Tirupuvanam Talug, in No 32 & 36 – & the details of their dispute are dwelt at length there (Vide that Register)

Vide preceding side

1 This Village consists of 20 equal Vritties. They are enjoyed as shown in the margin of the preceding side
- The Village is divided into two halves long ago - the half ~~Village~~ which is in possession of the
- persons No 2 & 3 of 16 are divided into shares - These lands of the half Village are liable to periodical
- exchanges once in 13 years - Peishcush of the half Village that is in possession of the Zemindar is 16 Rupees
- & that of the half Village in possession of the persons No 2 to 7 of 16 is 8 Rupees -
- The Zemindar Vakeel asks for a separate Potta for the half Village in possession of the Zemindar
- I ~~[illegible]~~ leave the matter for the consideration of the Reviewing authorities -

1 Wet lands depend upon one large Tank - It is fed by a Stream running from
the important Ayan Village of Pounselangudy & No scarcity of water is felt. The Tank within the
Village is in repairs There is no waste in the half Village in possession of the persons No 2 to 7 of 16
& some of the lands in the half Village that is in possession of the Zemindar from want of care -
& persons to look after this insignificant property compared with the Zemindar's extensive lands
- The Zemindar granted the half Village in his possession on Cowle for 25 years to the person No 6 of 16
- at 50 Rupees per annum About 6 or 8 Acres are cultivated annually at a time -
- Soil is of a medium character generally - No Royal lands in the Village - The persons No 2 to 7 of 16
say that their average profits ~~[illegible]~~ of the half Village is 40 Rupees per annum This is not true
For the Zemindar's half Village, I take 50 Rupees for which it is rented out, ~~[illegible]~~ average for
quarter century as the average value of the same & for the half that is in possession of the persons No 2 to 7 of 16
I frame the valuation ~~[illegible]~~ as follows - because the Zemindar's lands are waste, while that of the
persons No 2 to 7 are ~~[illegible]~~ Cultivation -

Zemindar's half Village ——— 50 Rupees value -

For the half Village in possession of the
persons No 2 to 7 of 16 ———

- 18 Acres of Wet Cultivated annually at 4 1/2 Rupees per acre } 81 —

- 6 Acres of Wet partly waste & partly Muttukkad in ——— at 2 Rupees per acre } 8 —
