II The persons of the 6 are descendants of the Ogl Grantee - No alienations of a recent date in the Village. The Village is enjoyed as shewn in the margin of the preceding page.

The Lands are undivided & Pumps & paid on the number of Pattas equally -

III ..... One Rama Pandaram, Manager of the Village attached to Sungarry Malam - in Mysore - pleads that the 3 Villages under settlement & 5 other Villages of Pavaterinad Parad Colem, Vrasden Kolem, Vala Mitta and Ronna Kolem were granted for the support of the Malam by Mutta Vossiganadta Perya Vossiya Tevan in Vikrama 1105 years ago - in an Written Pottu, which is produced in the Office; that these 8 Villages are situated within the limits inserted in the Pottu; that the 3 Villages have been mortgaged to the ancestors of the present 58 years ago - for 1600 rupees - for how many years he does not know - that the Villages under Settlement are in possession of the family of the present Manager for last 58 years -

He again pleads that the Head Pandaram Rama Rau came to live in AD 1858 & 1859 - that these 8 Villages have been entered in the Board account of AD 1815 cy 1224 which is forwarded to the Board of Revenue - he has no other proof of how the Pottu is shewn that these 3 Villages under settlement, belong to the Malam - Again he pleads that the receipts granted to the Malam for by the Jemindars account, shewed that the Malam was paying 58 years ago these sums now paid by the Malam as Pumps or Loss - for the 5 Villages which are in possession of the Malam now - The Manager again pleads that he does not know whether the mortgagees executed an agreement to the mortgager agreeing to restore the Villages to the latter or not - for the account of Fl 1211 both in Tamil & Malalla furnished by the Collectors Office by the Tamil account of Fl 1211 of the Jemindar shew that the 3 Villages under Settlement do not belong to the Malam & that they are entered in the ancestors of the present - The Malalla & Tamil accounts of Fl 1223 shew the same - But there is an entry in the Tamil account of Fl 1223 - while the Malalla account of Fl 1223 is free from any suspicion - for the English account of AD 1815; cy 1224 of which is forwarded to the Board of Revenue the Villages are entered as follows -

Manager the Melton brought also a Bundle of receipts which does not appear to shew that the Melton
Pompage the Village carried many of the Villagers under settlement are given in Evidence
Manager briefly admits that the Pompage of the Melton Villages was abolished long ago by the general-
The Petition shews that 8 Hamlets were granted for the support of the Melton The names of these Hamlets are not given therein -
The Petition is broken on the bargain - But the boundaries are not to be described - The Manager produced a paper purporting to be the copy of the
Original Petition which shews that the Villages were settled and the Hamlets written the limits given therein -
The mail many of which are written many cases which shew that several Villages granted by the former Petition were resumed subsequently
and were granted with their Appendages not given to others - On the whole as the Claim of the Manager not proved -
The Claim is rejected & the party is referred to Civil Court -

Valuation

I Did inspect upon 3 Lands of moderate size Very wet in repair - They are fed by Springs & Streams &
They are generally [illegible] Lands - 2 Lands are fallow annually - Scarcity of Water is not felt generally -
The Malayalees say that the Cattle of other Villages are partly Maintained on But the quality very inferior to adjacent Villages shew
that there is not much waste in the Village The Laterite in which the Village is situated is noted for good Lands -
Power that the Lands are cultivated annually & twice - No Jungle cultivation in this Village The soil is of a medium quality generally
The contiguous Appen Village is 7 Annagala Quey - The average Yield annually of that Village calculated for a period of 10 years comes to -
Fanams for one Nurs pair - The average income of the Village is ascertained by the Malayalees at Rs to pursuance
from this it is evident that there is no much Waste in the Village The consideration of the fertility of soil & I grant the valuation of
the Village as follows -

1 Wet 37½ Acres at 5½ per Acre ... 10 -
1 Dry 2¾ Acres at 4 do per Acre ... 0 11 -
Total 197 - 5 - 0
