Average Rates of Government Salugs per acre

Dry 1-5-6
Wet 4-6-1

Average Value of grains of Melimaran on wet land in Tayanmangalam Mahanams Consisting of 11 Agam Villages in the Salug of Pungalam

For a period of 15 years

From Rs 1266 to Rs 1270	Cultivated area in Acre	Grain out turn	Of which grain is sown 45 per cent	Average Rates of grains	Value of grain in Rs 1000	Rates per acre
Rs 1266	A	C	Rs 1266	Rs 1266	Rs 1266	Rs 1266
1267	5977	67	48699	4	21579	6-5
1270				1-8-1	32480	9-4
						5-6-11

IV. One Subba Raya Deya claims 3 Vathas from the person N1-2-3 & 4 of the ground that his Grandfather left the land partly given as a possession of the Grandfather of the person N1-2-3 & 4 of 16. In looking after the affairs of the land he is fighting for the land since the last 20 years unsuccessfully.

The person N1-2-3 & 4 of 16 filed that these Vathas were purchased by their ancestors in AD 1777 for Rs 80 from the ancestors of the person N1-2-3 & 4 of 16. Bill of sale on a plain paper was produced again produced a list of property alleged to have been executed to his father by one of the sons of the person N1-2-3 & 4 of 16. The alleged scribe is alive. He says that the writing is not his own. On the whole the claim of the person N1-2-3 & 4 of 16 is not proved, the claim is not rejected & the party is referred to civil court.

Valuation

V. - - Wet lands depend upon one tank of moderate size. It is in repair. It is fed by a single stream. The Village is a trifling one. The Mahaganams say that the Dry & Wet lands claimed as waste are situated in the Mahaganams general crops lands that are cultivated annually, & situated in the Mahaganams general crops lands that are cultivated annually. 2 times. Garden crops are not raised. Fertility of soil is not felt much. Soil is of a medium barochy generally. Average income of the Village is Rs 1000. Mahaganams is Rs 100 per annum. This is not true. There are no Agam Villages contiguous to the Mahaganams settlement. The nearest Agam Village is situated at a distance of 1/2 mile. is Palangole. The average Wet assessment of the Village comes to Rs 136 per acre. Dry average assessment of the said Agam Village is Rs 100 per acre. In considering the fertility of soil, I frame the valuation of the Village as follows.

Wet 6 acres cultivated annually at Rs 100 per acre 26-
Wet 2 1/2 Acres cultivated at 20 per acre 5-29-
Dry 7 3/4 Acres at 10 per acre at 1/2 per acre 3-14-
Total 32-44-0
