

1 There are the 7 Villages belonging to the Temple of the Lord Pekana Swamy in Takul. They were granted for the support of the Temple. There are permanent grants. These Villages are supporting all the accounts of 1012. No Takul area about the Area or about the boundaries on the part of the Takul. The boundaries of these Villages now inserted in the account under statement correspond to those in the Account of 1726. Hence the Area of 1780 and 1785. Grants is computed here for these 7 Villages. The Temple is efficiently kept up. These Villages were brought on one Register as ~~the~~ the Accounts entered of 1012. do not show the area of these Villages separately but in lump. These 7 Villages are situated contiguous to each other. These Villages are free from all tax.

In the Account of 1826, the four series of these 7 Villages are given separately.

11 Average income of these Villages is 2300 Rupees per Annam as per my valuation - The Temple is under the management of the Jemindar of Linganga with its Villages -
