II. The average income of the Village is 70 Rupees per annum. ~~There is~~ as per statement of the Range's Vakeel. This is not true - I raise it to 150 Rupees with reference to the fertility of soil & the area. These two Villages are contiguous to each other - As the area of these two Villages ~~is~~ is given on lump, they are brought on one & the same Register -

foreign leaves. Ayer's says that his father in law & mother in law gave these Tractees to the

Shattuck among them put need the following documents -

A - Dec 8/1822 executed by the father in law & collection in law to the his wife
on a stamped paper leaf - granting 3 wishes as "Purilony" to her -

B - Bills of sales of 1819 & 1820 executed to his father in law by one Muttusamy Eyer
selling two wishes - to the former - These are on two plain paper leaves

C - Bill of sale of 1820 executed to the his father in law by Muttusamy Eyer selling
one wish to the former - This is produced by Muttusami Eyer & this document
is on a stamped paper leaf.

1 One Treaty was purchased in A.D. 1858 for paper 196 from Moigalagen alias Tuma
Tambu, alleged step. Esom Brother of the late of Muttukampun. Bill of sale is on a stamped Cochin leaf. F.

The bills of sales, A. B. C., produced by the Plaintiff ^{in this} Court are ^{not} genuine ones - The Defendants claim that they are not - The bills of sales produced by them are genuine - The Plaintiff ^{in this} Court is a ^{fraud} and the Defendants brought false evidence and proved the genuineness of the bills of sales.

of the documents produced by them - It is proved satisfactorily only that the Defendant or his wife did sell two Villages out of the 3 they had in this Village - It is proved to suspect the genuineness of the documents E, F & G produced by the Defendants. Bill of sale marked E, F was executed by the Pff & his wife in satisfaction of a decree of the Munsiff Court of Alais Malais. The Pff admits that he never paid the sum awarded against him by the Court. The Bill of sale is on a stamp paper leaf - after the fraud in the case is compared to the document E - which relates to the sale of one Village. The Defendants say that Alayalagen alias Annamam is the step Elder Brother of the wife of the Pff - The Pff pleads that his late wife had no step Brother at all - & that Alayalagen is not any way related to him or to his deceased wife. This Alayalagen is not found in the list of the Jointing. It is proved satisfactorily only that the 3 Villages were acquired by the late wife of the Pff in A.D. 1822. Out of the 2 Villages were sold - Now it is probable that the said Alayalagen to sell one Village out of the 3 which fell in possession of the wife of the Pff in A.D. 1822 - as "Kridana" - The Defendants produced a Bill of sale of 1838 which was executed by the late wife of the Pff to one Pichingam selling to him one Village & executing a Bill of sale on a stamp paper leaf. In this it is said that she had 3 Villages in this Village & that out of which she sold one - in that year - This is a proof that the late wife of the Pff had a step Brother - he had not any concern in the 3 Villages which fell to the wife of the Pff in A.D. 1822. Against the Bill of sale of 1838 which the Pff executed to Moya. Pichingam ¹⁸³⁸ ~~the~~ selling one Village & in satisfaction of a decree of the Munsiff Court & which fell in possession of the Defendants with the one Village relating thereto by purchase, shows that the Pff had a half of the Village in the year 1850 & that he sold half of it on 1/2 of the entire Village. Moya Pichingam. Thus the Pff should have 1/4 Village now in this Village - The Bill of sale 1838 is produced by the Defendants. The Defendants after keeping silent for 3 months, they produced today a fresh document dated 1853, which is on a plain paper leaf showing that the inclusion of one Village which was in mortgage with her & encumbrance on that which should be both Moya Pichingam & her alleged step Brother. The two Villages were divided into 9 shares. Of these 9 shares 4 were given to the wife of the Pff & 5 to the alleged step Brother of the wife of the Pff - & one Village to the Pff. It is proved that the alleged step Brother of the wife of the Plaintiff had no enjoyment in this Village at all - The Panchayat namah is on a plain paper leaf - It is signed by some of the relations of the Defendants. It is made reference to the Panchayat namah which is alleged to be that of the Pff & his wife - The Pff denies any knowledge of the transaction of the Panchayat namah. Again what necessity was there for the Panchayat decision when the wife of the Pff acquired 3 Villages from her father in A.D. 1822 & enjoyed it for years uninterruptedly. The Panchayat namah is dated 31 years after the Kridana Decree of the wife of the Pff - It is proved satisfactorily only by the witnesses produced both by the Pff & Defendants that all of them are enjoying the lands in this Village. But the witnesses are unable to say what portion of the Village is enjoyed by the Pff & what portion of the Defendants - On the whole it is proved that the Defendants, who are in plaintiff persons, goaded on received the Bill of sale E, F from Alayalagen who had not any concern or interest in the Village - with a view to have the entire Village in their possession. Under the above circumstances, I register one Village in the name of the Pff (A.D. 1816) & 3 Villages in the name of the Defendants who are numbered 2-3-4-5 & 6 of A.D. 1816 & refer the Defendants to civil Court. Pff also is referred to civil Court asking for 2 Villages in the Village.

Valuation.

The lands depend upon one small Tank. It is in repair. It is fed by a single stream. It is fed also by the waste water of the adjacent Agri. The Tank is filled annually. No density of water is felt generally. The holders of the Village say that 6 Annas of Dity 5 1/2 of Dity are full watered annually & the rest as much as they want. It is proved that the statement of the holders of the Village is not true - Lower of the lands are full watered annually & some - Owing to the granules among the soil & 2-56 some of the lands are & have been kept waste since the last 2 or 3 years - There are no immensurable waste lands - The holders of the Village are aggrivated much the matter of waste - They say that the waste lands will be brought under plough within the next 3 or 4 years. The lands are of a superior quality generally. The average income of the Village is 400 Annas per annum as per statement of the holders of the Village - This is not true - The Panchayat namah of the Village is illegal. The average wheat amount of the Village is calculated.

for a period of 15 years previous to 1870 comes to 9.19 per acre. The average dry assessment varies from 9 cts to 0.13 0 per acre. The soil of the Village is said to be somewhat inferior to that of the adjacent or contiguous dry village. This seems to be true. I think that the average wet assessment is not very high. This is an insignificant Village. In consideration of the fertility of soil &c I frame the valuation of the Village as follows:-

Wet 10 Acre cultivated at 8 Rs per acre	80	
Wet 1 3/4 Acre Mattukkad at 20 Rs per acre	35	89-8-0
Dry - 6 Acre cultivated at 12 Rs per acre	72	
Dry 2 1/2 Acre Waste at 4 Rs per acre	10	52-0
