1 This is one of the Villages in the Jaminah of Longoria. Half of this Village is Darnasnam and the remaining half is Ayen - as appears from the account of H 177
- 1223 - Ayen half Village alone is brought under this Settlement - $\frac{1}{4}$ of the Village is in possession of the person No 1 of 16 & $\frac{3}{4}$ inclusive half of the Ayen Village,
is in possession of the persons No 2-3-4 & 5 of 16 - The persons No 2-3-4 & 5 of 16 say that about 50 years ago the Ayen portion of half Village was granted to certain
- Brannam as Darnasnam, but their ancestors purchased from them long ago & that Bill of sale was lost - Now the entire Village is in possession of the
- persons of 16 - But the ancient Darnasnam portion of half Village that was deducted from the assets of the permanent Settlement ^{is} is registered here -
In the English account of AD 1815, copy of which is forwarded to the Board of Revenue, the entire Village is entered as Darnasnam - as the ^{entire} Village was then
20 - As it is proved that the Ayen portion of half Village was granted subsequent to the Permanent Settlement, it is not brought under this Settlement -
No Talkara about the boundaries on the part of the Rang's Taluk - Hence the area of 19 acres & 93 Guntas is the extent of the entire Village - Half of this
longs to the ancient Darnasnam portion now under settlement - The lands are divided. Porcup is paid on the number & further enjoyed by the
one of 16, equally & permanently - The father of the person No 1 of 16 purchased $\frac{1}{4}$ Village or half of the ancient Darnasnam portion in AD 1829 -
& 1832 for Rs 91 - from Muttusawmy Gungar & Rangar, the latter is the son of the former - The said Muttusawmy Gungar purchased that it

II The persons #2-3-4 of 1856 placed that their ancestors purchased the $\frac{1}{2}$ of the
Village or half of the Darnasaram portion of half Village long ago - & that the $\frac{1}{2}$ of the
sales were lost - The person #1 of 1856 says that the $\frac{1}{2}$ Village is in possession of the
family of the persons #2-3-4 of 1856 since long - The persons #1-2-3 of 1856 -
produced a bundle of receipts for a period of 50 years said to have been granted by the authority
the permission for the payment of Bonga - These receipts are not of much use - because when
they were granted in the collection name of Mahaganam - However as it is proved by tradition
that the persons #2-3-4 of 1856 are in possession of their share since long, I recommend
to confirm the Darnasaram portion of half Village upon the persons #1-2-3 of 1856 as usual

Valuation of half Village

III Wet lands depend upon one Tank. It is in reference to a Tank Stream &
Tank is filled annually. Scarcity of water is not felt generally - Wet lands are cultivated annually
in full. Some of the Wet lands are cultivated annually & others in part of a superior quality
generally - The contiguous Syen & Blago are the same as in Giringirai. The average wet
acres of these Villages comes to 572 - per acre - The average income of the half Village under
settlement is 100 Rs per annum. This is a fair estimate - In regard to the position of each village

I frame the valuation of the Village as follows

$5\frac{1}{2}$ Rs of Wet at $53\frac{1}{2}$ Rs per acre 2970
