to the father of N^o 4 Kallappa Pillay and not to Trichitambala Pillay
 one of his 3 undivided brothers as erroneously stated before the D^r R^o on 11th Sep^r 1865. B^r had been here a year 1740 corresponding with 25th Oct^r 1818 -
 Vide de la M^o 27th July 1865 & 18th Dec^r 1865 -

The 1/4 Village is accordingly confirmed in one T^r -
 18th Dec^r as recommended by the D^r R^o -

W^m Man
 13/3/66
 1886

Dec^r 1818
 1818

II The person N^o 4 of 18 says that the woman N^o 2 of 18 is his sister. He says
 undivided Elder Brother; that the persons N^o 3 & 4 of 18 are his Grand sons of his
 father's younger brother & the person N^o 5 of 18 is his father's younger brother; that the
 family is a divided one, but the Dammasanam portion of the 1/4 Village was purchased
 by his father's younger brother whose name was T^r that Ambana Pillai; that the
 sale is with the person N^o 8 of 18, an elderly member of the family; that he refused
 to come to the office & produce the bill of sale before the Deputy Collector unless he
 & other shareholders pay him some money & that he refused to comply with his request.
 I am tired in issuing summonses to the person N^o 8 of 18. He signed all the summonses
 & quietly returned them with a promise of appearing before me but in vain. The
 persons N^o 1-2-3 & 4 of 18 are waiting in the office since long expecting for
 the person N^o 8 of 18 finally, I took up the case today for settlement. Ultimately I
 served a formal notice on the person N^o 8 of 18 through the Subellagidate of Longanga
 but in vain. The person N^o 1 of 18 says that the 1/4 Village (Dammasanam portion) is
 in possession of the family of the persons N^o 4 & 5 of 18 since long & that the purchase of the
 persons N^o 4 & 5 of 18 purchased it some 40 or 50 years ago. I think the evidence of
 the person N^o 1 of 18 may be depended upon, because he is a descendant of the D^r R^o granted
 & because there could be no better man than himself to give evidence as to the purchase of the
 persons N^o 4 & 5 of 18. Hence I consider that the right of the persons N^o 4 & 5 of 18 is
 well established to the Dammasanam portion of the Village -

III ... No Sakur about the area about the house on the part of the R^o N^o 1 of 18
 The boundaries now inserted in the remainder statement correspond to those in the Patta. The boundaries
 of this Village are also recorded in the account of 1844. These boundaries in the account of 1844 differ from those
 in the Patta. The leaders of the Village say that they are one & the same on the spot & that the difference is
 confined merely to wording. Hence the boundaries in the Patta are confirmed & the 1/4 & 1/8 parts situated thereon
 are registered -

IV The Tivaram portion of the 3/4 Village is held jointly by the persons N^o 1-2-3 of 18
 The Dammasanam portion of the 1/4 Village consists of 3/4 Village. They are enjoyed as shown in the margin of the
 preceding act - The land is divided permanently. Poru is paid on the number of families equally &
 permanently. The Tivaram portion is distinct from the Dammasanam. The person N^o 4 of 18 produced an
 agreement of the division of property executed to him by the person N^o 8 of 18 & by the person N^o 5 of 18. In January
 1864. This shows that the person N^o 8 & 5 of 18 & the person N^o 4 divided their personal property equally into 3 shares
 (The remainder of the 1/4 Village)

2nd sheet of Village of Pinganodai - in the Taluk of Nattarasankottai in Sajaingana Zamindari Estate in the District of Madurai.

At the sale property into $3\frac{1}{4}$ shares of one share for the person of 16 - another for the person of $2\frac{1}{4}$ & $1\frac{1}{4}$ for the person of 8 of 16. This agreement is on a stamped paper worth 8 Rupees.

Valuation of the entire Village

V. Wet lands in the Village depend upon one Tank of moderate size - It is in repair - It is fed by a Pungle Stream - The Tank is filled annually - Scarcity of Water is not felt generally - The holders of the Village say that Wet lands & Dry lands planted as usual cultivated lands - are cultivated annually & that some of the lands planted as waste are cultivated - Some of the Wet lands are cultivated annually & some - Pungla & Pungla lands are of a superior quality generally - This is a small Village - The average income of the Village as per statement of the holders of the Village is 50 Rupees per annum - This is not true & the contiguous of the Village is Vallabakulam - The average of the Village calculated for a period of 15 years previous to 1870 comes to 6 Rupees per acre - Pungla rates vary from 7 to 15 Rs per acre - In consideration of the fertility of soil & I frame the valuation of the Village as follows.

Wet 14 $\frac{1}{2}$ Acres cultivated at 6 Rupees per acre	84
Wet 2 $\frac{3}{4}$ Acres cultivated at 2 Rs per acre	5-8-0
Dry 11 $\frac{1}{4}$ Acres cultivated at 3 $\frac{1}{4}$ Rs per acre	8-7-0
	<u>Total 97-15-0</u>

Register No. 893

Sheet No. 1035

Revenue of 18-7-64 } A. Ramachandrarao

Register (No. 1372)

Register of Inams in the Village of

Singapillyandal
(No.)

1. This is one of the villages in the Zemin-dari of Singaura. The name of the grant is not known from any of the accounts. This is entered as Bharua Saran in all the accounts. No takaran about the area or about the bounds - lies on the part of the Rany's Vakil. The boundaries now indicated in the vernacular statement correspond to the recognized limits of the village. Hence, the boundaries are confirmed here and the 52 acres and 76 auts situated therein are registered here. The boundaries of this village are not recorded in any of the accounts previous to this.

II This village is now in possession of the Rany of Singanga. It reverted to her last year with the zemindari under a recent decision of the Piny Council. Her wakil stated that this was purchased long ago by the former zemindars and produced in proof of which an account of Kolkrayam prepared and forwarded in B. 1240 by the zemindar to the Collector. In this account, this village is entered as zemindar's Kolkrayam property. Bill of Sale is not forthcoming. As ~~this~~^{the} ~~that~~, I think is a sufficient proof of the zemindar having purchased this village legally, I would recommend to confirm the same to the Rani on of the assessments. The family of the persons in Co. 15 is extinct. In the zemindar's annual Settlement accounts this village is entered as Kolkrayam with the prompt thereof. It is proved also by the Mahajan and of the adjacent villages that this is Kolkrayam property.

Valuation.

III. The Raj's Katil says that this village was measured and the accounts now produced, in this office, have been prepared through wet lands in this village depend upon tanks which are in repair. They are fed by jungle streams. The tanks are filled annually in full. The village is in flourishing state. of the wet area - 31 acres and 32 cents.
