Average Value of grain of milmaru on wet land in Malab
mahanam consisting of Ayer Village in the Taluk of Pattanam
for a period of 10 years

From	To	Cultivated area in acres	Gross produce turn	Of which zamindar's share at 45 percent	Average price of grains	Value of quantity of grain in Rs. & P.	Ratio per acre
R. M. D.	A. B.	R. M. D.	R. M. D.	R. S. P.	R. S. P.	R. S. P.	R. S. P.
695-11-3	4757-09	5669-4-0	2286-5-1	1-7-11	35301-0-3	7-6-9	

In the Merrett a account of 1722, it is said that the Village was then in the possession of
Venkataswamiyengar & other Mhegansams. In the English account of A.D. 1815, copy of which is
forwarded to the Board, it is said that the Village was then in possession of our Pinnatambay. It is
The persons of 16 say that they don't know either of them. It is proved by the tradition that
the Village is in possession of the family of the persons No 1-55 of 16 since long. This is also proved
by the receipts granted by the Pinnatambay to the Mhegansams. Hence the Village is confirmed upon
the person of 16 ¹⁶ ~~16~~ or 1/8 of assessment.

Salvation -

III Wet lands depend upon one small Tank - It is fed by a single stream. It is in repair.
Wet & Dry lands are ~~irrigated~~ ^{not} annually - Kariak & Pujak lands are of a superior quality generally.
Wet lands are ~~not~~ ^{not} irrigated to some extent. The average income of the Village as per statement of the
Mabafarans is 12 Rupees per annum. This is not true - There are no ^{any} ~~any~~ villages contiguous to the
Dammassan on the left bank. The ^{any} ~~any~~ village of Pirak dam is at a distance of one mile from the village.
The average wet assessment of that village is 65 Rs per acre. The village avers that they cannot grant crops
from the scarcity of water - This seems to be true to some extent. In consideration of the fertility of soil & of frame
the valuation of the village is as follows -

Oct-8th brass fullerton at 4 Puffs per acre ——— 36 ———

Dry 1/8 barrel - 100 lbs per acre 12
 Total 35-2
