These are the 15 Bhamblets in the zamindari of Pungayyur granted for the support of the temple of the Pottaswamy Swamy & otherwise called Pongya Narayana Swamy in Tirukottiyur. These are permanent grants. No Pottaswamy Temple is efficiently kept up. These endowments were bestowed as far back as 5 centuries ago by Pongya Kings, as appears by the Tradition. These 15 Bhamblets are brought on one & the same Register as the area of the same is given on lump sum in all the Accounts & as they are situated contiguous to each other & as these Villages & Bhamblets are settled as one by the Zamindar annually. The 16th Bhamblet mentioned in the Accounts, which is known by the name of Pasikadungu Yendel is held by a Brahmin for Pambakallai. Hence the area of this Yendel is deducted here from the Register & is brought over a separate Register.

II No Talk now about the area or about the boundaries or the part of the
 Range. The recognized boundaries of the 15 Hamlets are inserted in the vernacular
 statement - One boundary line is drawn including them the limits of the 15 Hamlets as they
 are at present contiguous to each other - The names of the 15 Hamlets are entered in the
 English Account of A.D. 1815 - The boundaries are copied here & the 23rd of the statement are
 regulated here

III The Temple is under the management of the Rany - with its Village -
 IV The average income of these 15 Hamlets is 1500 Rupees per annum as per statement of
 the Suram - This is not true - I raise it to 2000 Rupees with reference to the
 fertility of soil &c. This is one of the most ancient & important Temples in the peninsula
 of Travancore
