Valuation

IV - --- Wet lands depend upon one tank of moderate size - It is in repair - It is fed by a Jungle Stream & by the waste water of the adjoining Village - The tank is filled annually - Scarcity of water is not felt generally - The Mahajanams say that the Dry & White lands raised as waste are cultivated very - The Dry & White lands are of a superior quality generally - Some of the Wet lands are cultivated annually 2 times - No Taxation is raised - There are no other Villages contiguous to this - The other Village of Minnirangam is situated at a distance of about half a mile from the Village under notice - The average Wet & Dry assessment of this Village amounts to 772 7/8 + 085 - for an acre respectively - The former rate is high - These lands are considered to be somewhat inferior to those owned by the other Village - The average income of the Village as per stated by the Mahajanams is 2200 8 for an acre - There is not time - In consideration of the fertility of soil &c I frame the valuation of the Village as follows -

- Wch. 7 Am fullbloomed am really gone & fairly to time at $6\frac{1}{2}$ M per acre - 458 -

- (Net 2 1/2 acres to be sold at 100 acres per acre) 2-8-0-
