

Sheet No. 1359

1 This is one of the Frontier Villages in the zemindary of Sivaganga. It is not known from any Account by whom, to whom, and for what purpose this Village was granted. In the Accounts of 1721, the Village is entered as Turvati. In the Account of 1724, the name of the Village is simply given and not the tenure thereof is given. In the Pambanary Accounts of 1725 & 17270 this is entered as Agru with the other Turvati Villages. In an Account of the Turvati Villages forwarded to the Collector in 1800 by the then zemindar, it is said that this Village is retained in possession of the zemindar for his "Man's Duty" or maintenance. Though the name of the Agru Grantee is not known, I think that this Village was the property of some Turvati and that it was resumed by the zemindar. There is none to claim to this Turvati except the present Rany - The Rany's Valued produced Accounts from 1725 & 17270 showing that this Village is in possession of the zemindar. The lands in this Village are said to be waste since the last 10 years - The Village was measured by the zemindar's Surveyors & the accounts of the same are produced in this office - As this Village is entered in the Accounts of 1725 & 17270 in the name of the zemindar - & as there is no proof to show that this Village does not belong to the zemindar, I recommend to confirm this Village to the present Rany on 1/8 of assessment. I think Rule III should be made applicable, as the present Rany or Village Rany is not a descendant of the Agru Grantee of this Turvati - and as it is clear that this Village might have fallen in possession of the zemindar from the family of the Agru Grantee either legally or illegally. The Turvati Villages in the zemindary are only entered in the Accounts of 1721 generally -

II No Talk ever about the area or about the boundaries - on the part of the Rany or others - The boundaries now inserted in the new declaration correspond to those in the Accounts of 1724 - Hence the boundaries are confirmed here of the 66 Acre 40 parts situated therein are registered here.

As per A.B. of 1721
 Rany's Turvati 31-3-321-87
