II No talk now about the area about the boundaries on the part of the Rangas Taluk. The boundaries now inserted in the vernacular statement correspond to those in the Account of 1246. Hence the boundaries are confirmed here & the 239 Acre & 62 parts situated there are registered here. These two villages are brought on one & the same Register as the area of the same is entered on lump in all the Accounts. The Temple & the Village appertaining thereto are under the management of the Rangas. On the whole the object of the grant is not frustrated. One way or other the proceeds of the Village are appropriated to the Temple.
