II The person N 11 of 16 acquired the lands entirely opposite their houses in the margin of the preceding case under the head "was effected by documents," by gift from one Tungalatchung - A nominal, younger sister of the person N 12 of 15 & younger sister of the father of the person N 11 - No deed of gift. Transaction proved to be bona fide. Enjoymt proved - The donor admitted the transaction of gift personally & there a Relation written on a stamped paper - The donor is a childless widow. The person N 15 of 16 acquired his lands in gift about 10 years ago - from the adopted father of the person N 3 of 16. No deed of gift. The father of the person N 3 of 16 admits the transaction & enjoymt proved - The person N 3 of 16 was taken in adoption about 6 years ago by one Ruffayenger, the husband of the elder sister of the mother of the former. Ruffayenger died about 4 years ago. His wife died 7 or 8 years ago. The last N 3 of 16 is in possession of the property of his adopted father - the adoption is really an unrevoked one - but as this is a single attested I see no use to give fault with it - It is proved - that the adoption did not actually take place.
