 Due in the Maratta Account
 of 17213 as one of the objects of

I There are the 3 Villages in the zemisary of Perungudi - These were granted by Rana Pongya Rajah for the support of Tirugayana Sammandam -
- Pondarum Matham at Madure. These are permanent grants - No Pottu - The Matham is efficiently kept up - In the Matham the Duty of Slander
- The Meevatchy Sankaravaram is worshipped daily - Gurus Pujah & all other Pujahs are made once in a year - Daily several Poudams are
- are fed in the Matham - These Villages are entered in the name of the Matham in all the accounts - The object of the grant is fulfilled by doing
the above things - No Talk was about the area or about the boundary line on the part of the Rang's Vakeel - In examining the boundaries of these Villages,
inserted in the account of 1726 ~~which~~ I found that Pudukkottai, one of the 3 Villages under settlement, ~~which~~ is bounded by some of the Villages in
the Goud Taluk of Madurai & that the boundary line ~~given~~ stated to be between the Village of Pudukkottai & the Goud Villages is not discernible
because it is said that the line runs through the stones removed & concealed by the ryots of the Goud Villages - I summoned the Village officers
- of the Goud Villages to enguire them & define the boundary line, but they failed to appear though I waited for them for months -
- This I found ^{to be} attributable to the influence of the Trustees of the Matham - Some time after this, the Vakeel of the Trustee appeared before me
& stated that the ryots or Village officers of the adjoining Goud Villages refused to attend this office by reason that their lands were not in any
