Register No. 902

1 This is one of the Village in the zamindari of Tungayai - endowed for the support of a Matham established in Benares. This is a permanent grant - In all the accounts of 1721-1723-1724 & of 1815, the Village is entered in the name of the Matham - The Village of the Trustee of the Matham produced a Patta which is on a Copper plate - This is dated 1763 - This Patta shows that this Village was granted by Muttu Venganiasha Periya Thiruvana. Servin for the support of the Institution -

This is dated 1763. - The Potta shows that this Village was granted by Muttu Rao on a Panna Panna. A page in the Potta runs thus - The Village was granted to Rasi Vasi Rao in Gurupara Tambura for the support of a Mahatma built in the name of Panna. Hoaya Tera in Benares, in which Bramins are fed & Mahaswara Pujah is made. - The Panna is efficiently kept up as appears from the reports of some of the respectable Muttu Rao's Pottas who returned from Benares on pilgrimage. - In the English account of A.D. 1815, it is said that the Village has no Potta. The Rao's Pottal says that the Potta is a genuine one - It appears further from the Potta that the Village was granted to the said Tambura with all the powers of administration. - The Rao's Pottal - The boundaries now inserted in the memorial statement correspond to those of the Potta.

II. No Talk over about the Area or about the boundaries on the part of the Range Patent - 1845.
in the Account of 1846 - These boundaries differ from those in the Patent - The Value of the Range says that they are one & the same on the spot.

III. ... Hence the boundaries are confirmed here to the 475 feet 8.33 feet over
