1 This is one of the Dammamam Villages in the Zenginang of Punganga. This was granted by Maha Palivana Rajah to Thymartega. Jyengar 7013 for subsistence. This is a hereditary grant. This is in uninterrupted possession of its holders since the date of the grant. There has no Poll. It was lost. The Dammamam is supported by all the accounts 7012-110. Tell over about the area or about the boundaries on the part of the Range Vakeel. The boundaries correspond to those in the account of 7012-110. The area of 32 Acre & 3 fatha is therefore confirmed here. All these lands are situated within the proper limits of the Village. There are no other villages contiguous to the Village under Settlement. This Village consists of 9 equal Thittas. They are enjoyed as shown in the margin. The lands are undivided. They are exchanged once in five years punctually. Pongas is paid on the number of Thittas equally & permanently. II The persons 1211-2-7-3 of 1816 say that they are descendants of the Aach Grantee & that they cannot describe their relationship with the Aach grantee or the persons of 1815. The persons 1211-2-7-3 say that the lands entered opposite to his name were purchased long ago. & that there is bill of sale for the Thittas on a plain Pongam leaf which shows that they were purchased in A.D. 1840 by his father for Pongas. 157-8 from one Kankam Samam, established in the Village & that bill of sale for one (Tham nent ar) Pongas was lost.
