

Pichulam

Register No. 18

Check No. 24

This village Tharmasam in the pemicary of Swang & Gumary - This was granted by the permission of all the persons of 13 families in 1811 - This is a hereditary grant -
 There is no interruption of its history since the date of the grant - This has a Patta on a paper leaf - This village is supported by all the accounts same that of A.D. 1818
 No talk was about the area nor about the boundaries on the part of the pemicary Vakkal - Hence the area 40 Acre & 60 cents is confirmed here -
 The boundaries now entered in the Tharmasam Register correspond to those in the Patta of the Village - The history of the person of 13 families purchased the Village
 in A.D. 1811, for papers 3470-6 - from one Alagarayar & a descendant of the Original Grant. Patta of 60 is on stamped paper leaf of a paper value &
 of stamped leaves, ^{not stamped} ~~with~~ a paper each has been added to it - Tharmasam proved to be a pemicary enjoyment proved -
 The persons of 13 are members of one undivided family - They are enjoying the income of the Village jointly - Holdings are divided -
 III. The lands depend upon one tank of moderate size - It is fed by single stream - The tank is in repair - The Alagarayans say that the dry & wet lands planned
 as waste one partly waste & partly cultivated - that all the lands will be brought under plough hereafter by improving the tank & taking care of the Village -
 As the Village is in possession of the person of 13, who are opulent men among Nattakottai, then all the lands will be brought under plough at once -
 since all the lands are put to cultivation - I cannot believe that there is much waste in the Village - 1/2 of the lands are put to cultivation 2 times annually -
 Paddy lands are cultivated only once annually - I have no materials to enter here the average assessment of the paddy lands in the adjacent villages -
 I have entered however the average assessment of the wet lands of the Village in which the Village is situated - Paddy rates in the adjacent villages
 vary from 120 to 135 per acre - Average profits of the Village are 60 rupees per acre as per statement of the persons in the Village -
 With reference to the fertility of soil & I frame the valuation of the Village as follows - 10 Acre of wet lands at 10 rupees per acre - 10 Acre of dry lands at 5 rupees per acre -
 Total 100 Acre of land valued at 1000 rupees

As per Patta of 1811
