1 This is one of the Darmacanans in the geminison of Tivogongoi. It was granted by the geminison of 11 to the person of 138 others for maintenance. This is a land being grant. This is an uninterrupted possession of it has been since the date of the grant. This has our Father. It was lost. The village is supported by all the accounts of 12. No. 1. It is known about the area or about the boundaries on the part of the Range. The boundaries correspond to those in the account of 12. Hence the area of 382 is confirmed here. The incense is situated within the proper limits of the village though it is a marked one.

2 This village consists of 108 Pongos, or tribes. They are enjoyed as shown in the margin. The lands were divided. The Pongos are exchanged once in 16 years. The lands are not. The village is divided.

into 9 Karai or grand divisions - Each Karai consists
12 Pongos - Pongos put on the number of Villages
