I have reason to distrust the arrangements & comply with the request of either parties. Because on one side there are several defects in the application & because the other side, they pretend always to own a dividing property - Hence I register 1/2 of the sum of the report 35736/1847 1/2 in the name of the person of 32-35734 & refer the parties to find out how people have shared in that & in the following changes -

Wednesday
The above remarks apply to all the above Kelloggs - the present of 32-33 & 34, are now under the water - It appears that before the Cars were actually
delivered the parties were enjoying the present on 5 shares -

The soil of the Village & that of the neighboring Open Lands - The Malagasy say that the Rivers in this Village are Polluted & that of Thermally Affected. The soil is light. The former is considered to be better than the latter by a general calculation. Level and soil is sandy well adapted for Dry Cultivation. The average income of the Village as put at end of the Malagasy is 20000 paces. This is very low. In consideration of the fertility of soil and the quantity of the Village with the aid of the Malagasy some follows -
