The Village Council of 1/2 Thittai of an equal balance. They are enjoyed as shown in the margin of the preceding page. The lands were divided from an early sixty years ago. The Melmarum seems to be willing to exchange their holdings now. Porpo is paid on the number of Thittai equal & permanently. The persons N° 12 of 1806 are descendants of the original grantors of 1813 & the persons N° 12 of 1806 are descendants of one of the coparceners of the year 1813. Others are abusers. The persons N° 13-22-23-27 & 28 of 1806 purchased their lands in AD 1840-1847-1848 & 1853 for Rs 332-2- from a Lakshmanayengar alias Ayai Torai Dyengar. Rangayengar alias Ayai Torai Dyengar, Annamang Annamang. Five bills are on plain paper leaves. Four bills are on stamped paper leaves. The persons N° 14 & 24 of 1806 assigned their lands in gift in AD 1847 & 1852 from Subbramanyam Dyen, Lakshmanayengar & three deeds of gift are on plain paper leaves. The above transactions proved to be bogus. The persons N° 10-11-15-16-17-18-19-20-21-25-26-28 & 29 are enjoying 1 Thittai & 187 1/2 part of a Vellu 320. The Melmarum says that their ancestors assigned portions of these lands in gift & the rest by purchase & that the documents were lost. Though these individuals have no documents the descendants of the original grantors & their heirs claim their right to the lands.

Resident 368
Sheet No 497

- Taluk -

II. Wet lands depend upon one Tank of large size. It is in repair & is fed by a single stream & by the waste water of the adjoining Ramnad Nyer Village of the Government. The Tank is filled annually - Scarcity of water in the Tank is not felt generally except in some extraordinary drough years - The Mahaganams say that the wet lands of 18 Ams are cultivated annually & 5 1/4 Ams as Mattukked & some of the wet lands are cultivated annually 2 times - No Paddy cultivation in the Village - No Tambac is raised. Mangab lands are of a medium character generally - In detail there are some superior lands also - The contiguous Nyer Village is - Anandur, an important Nyer Village - The Village is in good state - The average wet assessment of that Village calculated for a period of 13 years previous to 1870 comes to 6-10- for an - The lands of the Village is said to be equal to that of Anandur in fertility. There are some cultive lands in the Sharunasam as well as in the contiguous Nyer Villages. The average wet assessment of this Village as per statement of the Mahaganams is 59 Rupees per annum. This is not true - In consideration of the fertility of the lands I frame the valuation of the Village as follows - with the aid of the Mahaganams -

Ams - 18 - Wet cultivated annually once & partly 2 times at 6 1/2 Rupees per an - Acres wet 5 1/4 Waste, Mattukked & at 2 Rupees per an - 5 1/4 - Total - 122-6-0 -

The Mahaganams say that - The lands as the tank of the - Tank & are not fit for cultivation -

Rank - 93-64 -
