

See Remarks on
Pg. No 524 about the
except lands

1 This is one of the villages granted for the support of the temple of the Naganatha Swamy in Nattavayal. The temple is a small one. Half of the village is given to the other half belongs to the temple. Hence half of the village belonging to the temple is brought on the Register. No. 524. Hence the area of the entire village is 124 acres & 30 parts. These lands are situated within the proper limits of the village. Half of the area of 124 acres & 30 parts belong to the temple. Hence in one of the village is 200 papers per annum.

In Sheet 696A Vettuvayal village & Thanganga Taluk in Kalaiyarkoil. The Charity has not been conducted for the past 18 years. The average value of the Melvaran paddy paid by the rajats for the 10 English 1283 to 92 is Rs 17-11-5. The Poruppu due to the Zamindar on this village is Rs 33-5-3 and a sum of Rs 516-2-5 is due to the Zamindar for arrears of Poruppu. There is only Rs 63-1-0 to the credit of the village.

The Claimants state that the village in its present condition is not worth anything, that the tank must be repaired at a cost of Rs 600 or 700, that the Charity has not been conducted for want of funds, the profits of the village not being enough even to pay the Poruppu, that however with other funds a water channel is being maintained for the past 6 years at a place 6 miles away from Kalaiyarkoil and that if the village were settled in their names, they would conduct that Charity. The Zamindar of Thanganga requests that the title deed may be issued to him, alleging that title deeds for similar Deans were given to him. To prove this, 6 title deeds are produced, viz. (Nos. $\frac{429}{29-2-64}$, $\frac{447}{29-2-64}$, $\frac{420}{29-2-64}$, $\frac{1795}{24-6-65}$ + $\frac{1883}{15-3-64}$, Thanganga Zamindari)

I think on the whole that if the object of the Grant is to be fully kept up, the Dean should be registered in the Zamindar's name. The Claimants do not promise to keep up the Charity according to the terms of the Grant, but say that if the Dean were settled in their names, they would distribute water & bottomland for 6 months in the hot season at Virothikottai, a place not mentioned in the Grant. This is not in conformity with the terms of the Grant. The Dean is quite sufficient, if properly managed, to keep the tank kept in good condition, to defray the expenses of the Charity. As the Charity was neglected the Dean should properly speaking be resumed and fully assest. If this is done, the Government will have to pay the arrears of Poruppu which amounts to Rs 516 and then continue to pay Poruppu of Rs 33-5-3 only year. There is only Rs 63 to the credit of the village. It does not therefore recommend the resumption. Neither ^{have} the original grantee's descendants nor the Claimants any right to the Dean inasmuch as they neglected the Charity.

Under these circumstances, I recommend that the Dean may be settled in the name of the Zamindar as he can afford to keep up the Charity in every respect and that the Title Deed to be issued for the village be lodged with the Zamindar.

One of the three following courses might be taken.

1. To give the Dean to heirs of grantee.

2. To resume and fully assest.

3. To give the Dean to the Zamindar.

* It appears to the Commissioner that Nos 1 and No 2 must be rejected.
No 1 because the heirs not only have neglected the service for a long time
(some 18 years) but do not even profess willingness to perform the whole service
hereafter. No 2 because by adopting it we should saddle Government with the
arrears of Poripua amounting to Rupees 518—63 = 1458, and with the obligation
to pay Poripua at Rupees 33—5—3 hereafter.

Hence it appears that we must adopt No 3 in accordance with Collector's
recommendation. This is accordingly done. Collaterally it may be remarked
that the title deeds claimed by the Zamindar to have in other cases been granted
to him were not granted to him.
