

Register of Choultry Villages of Vochanthattu in the Taluk of Yemmishwaran of Sivaganga Zamindari - Belare in Madras District

Pöchanthattu

ஜி. டி. பி. டி. (1)

(D) In the petition it is said that Rev. Mr. Briggs was granted to the ~~the~~ Pondwreny 1813 - for the support of Temple, I shall mention it in the concluding part of it as purporting to be an entire showing that the Pondwreny disposal of the Village by gift is valid & there is evidently no error. It is plain that the object of the grant is to keep the Institutions on proper footing - how could they remain on a proper footing if a portion or entire Village were disposed of? This is an endowment made partly to meet the charges of - Temple & partly to meet those of the built-upon House it is better understood such. J. H. D.

1. Portions of the Village in the Community of Linganga. The & another Village known by the name of Anirajakottai were granted ~~on one & the same~~ on one & the same date in AD 1782 under one Patta for the support of the Temple Thiruvannamalai & Thirukalagudi Amman at Benares & for the support of the Patta at Benares. This has a Patta on a copper plate. In the English Account of AD 1855, it is said that this Village has no Patta. No mention of the Patta is made in other accounts. The Rangis Talukdar, however, says that the Patta produced is a genuine one - The object of the grant is efficiently kept up. At Benares, as appears from the statement of certain respectable Nallukdars (settlers who returned on pilgrimage from Benares) the Thiruvannamalai & Amman is worshipped for a short time daily on Monday the grantee & several men are fed in the hall sum. This charity is under the management of Ramalinga Tambiran at Tiruparamedhal in Chinnai District. He employed Gunasakthi at Benares who appropriated the funds remitted by him to him for the use of the Temple & hall sum as stated above just now. (X) Since this Village or endowment falls under Rule III Clause one - The Village is free from all Tax or Pompu. There is a Larva Mangera Village - No Talukdar about the Area or about the boundaries on the part of the Rangis Talukdar. The boundaries correspond to those in the Account of 1746 & in the Patta. The writings in the Patta & in the account of 1746 differ to some extent. The Trustee Talukdar says that they convey the same meaning on the spot & that if any difference is found on the spot, they will guide by the one of the two boundaries which may be selected. for the Institution by the Governor. Hence the 482 and 880 cents extracted within the said boundaries are confirmed here -
The Village is entered in all the accounts in the name of the Plateau. The average income of the Village as per statement of the Value of the
Trustee is 300 Rupees per annum. The average income comes to 5000 Rupees with reference to the adjoining average rate of assessment
with reference to the fertility of soil &c. The average income is reduced as a favour to the holders of personal grants.
