grant. Patta is on a plain Cadjan leaf, which is produced now before the Deputy Collector. The existence of this document is not mentioned in any account. The Zamindar's Vakil cannot pronounce his opinion regarding it. Hence its genuineness is doubted. The Dharmasanam is supported by all the accounts. The boundaries now inserted in the vernacular Register correspond to those in the account of fasli 1244 and of the Patta. The Zamindar's Vakil finds no fault with the boundaries. Hence the area of 17 acres and 50 cents is confirmed here. The lands in this village are enjoyed as shown in the margin. The lands are undivided. Pomppu is paid on the extent of the lands held by each individual.
