Valuation

III Wet Lands depend upon one Tank & under tank is irrigated by Jungle Stream - No Tank is filled annually - Neither any are the Wet & Dry lands classed as under mentioned & the rates are per Cawny

- Wet lands are not cultivated every year - Soil is of a medium nature generally -

There are no Agraharam lands contiguous to the Village in question - Situation or Climate

Scarcity of Water is not much felt - The is a small Village - The average income of the Village as stated by the Meletars amounts to 2 Rupees per Acre This is quite false -

In consideration of the fertility & small Quantity of Grain the Valuation of the Village as follows

No Tamboie is raised in the Village -

Wet 12 Acres Cultivated annually at 4 Rupees per Acre	48-	
Wet 6¼ Acres at 2 Rupees per Acre	12-8	60-8-
Dry 10 Acres Cultivated annually at ¾ Rupees per Acre This is my Jaying Assessment rate	7-8-	
Dry 8½ Acres Mettukadu &c at ½ Rupees per Acre	4-4-	11-12-0
	Total	72-4-0
