

- The Village is situated, is given in the marginally noted schedule 25-1-17
 - There is again a ~~marginally~~ ^{very} better criterion than that of the neighboring Village - because so
 - Jones contains both the good & bad lands. Results are on counts of 5 & 8 per Village -
 - Average Dry season of the neighboring Counties & various papers 235 to 511
 - with reference to the value of crops - Average income of the Village appears to be
 - The population is 13000 persons. This is quite good. The condition of the Village is
