

Yanapuram. 9 May 70

Register No. 1211

Register No. 1211

Ganapuram.

This is one of the Villages in the Revenue Survey of Ponganga. It is entered as Turinam in the Account of 7211. It is not known from any of the old Accounts to whom or for what purpose the Village was granted. In account of the Turinam forwarded to the Collector in A.D. 1800 by the Nayagumma it appears that the Village was granted to one Soudappan Savari on service tenure; that the nature of the service was that of a Peon & that the Village was resumed as the income of his Village was not sufficient to cover the emoluments of the Peon & the Purchase of his Village. This remark, which is written indiscriminately both the Turinams in the statement and worthy of credence. In the Revenue Settlement Accounts of 7212 & 7213, the Turinam portion is entered in the name of the person ^{Sd. Guntur paper of 1802} ~~of 7213~~. In the same manner of 7229, it is said that the person of 7213 was enjoying $3\frac{1}{2}$ acres in the Village upto 7228. It is not known when the Village was resumed. It is also presumed that it was resumed in 7229 as a portion of the Turinam was entered upto 7228 in the name of the person of 7213. The family of the person who now possesses the Turinam portion is no possessor of the Revenue since the last 60 years. I recommend to

of the 12th of June 1813 - Paragraph 2 the remaining of 10 in 150 and 150

The area of the Purohit portion is given as 28 Acre in the Account of 1921. The area of the Purohit & Jagan ~~area~~ Cpl Areas Plus the Purohit
as Jagan. The encroachment in the Wet area & Dry Area is appertained on the Purohit & Jagan ~~area~~ Cpl Areas Plus the Purohit -
52 feet & the Jagan portion to 37 Acre & 37 feet. Purnabha lands belongs both to the Purohit & Jagan portion -
to treat the entire Village as Purohit -
the Account of 1921 against the Charge should be entered as -

III. Again, the Range's Voucher pleads that the sum of Penses 4895 entered as Penses in the Account of 18211 against the Village should be entered as Penses of the Village in the former Pannabury of 18213 - No Penses is found in any other account. Even in the Account of 18211 the Penses was not collected.

IV From this it is evident that the Pension for Kellogg was enjoyed only by the Off^r Grantee as Parson Mayaguez. The entries in the Account of \$824 are not trustworthy - unless they are supported by other materials. One forced Hence I consider that the request of the Vt. Acad. cannot be complied with.

II No Tullahoma about the lower corner the part of the Range's Valley. The lower corner now is inserted in the same secular strata compared to those in the account of 1766. Hence the lower corner are confirmed here of the 166 for 4.15 feet estimated there are represented here as the area of the entire Valley ^{the north end of the} of the Tullahoma & upper portion are given in the preceding side -

Valuation of the First Importation

07. Well Caves in the Village depend upon one Tank. - It is in repair. It is fed by a single stream. The Tank is filled in ordinary seasons of the Tankam portion, 26 1/2 days & 6 1/2 days of dry are allowed as follows in portion & the dry 20 and odd days of dry as usual. It is said that the Water comes on of 10 years waste & that they are fed by a stream. This is an ancient tank. Some of the old tanks are followed annually 2d time. Nijah & Pancha are not of a very regular quality generally. The average income of the Village (Tankam portion) is 265 Rupees per annum as per statement of the Revenue & Wakf. Taxes not very low. The average price of the Village under British calculation for a period of 15 years previous to 1720 comes to 9 Rs. per acre. No other Villages contiguous to the Village. The said average value of the Village is rather high. In consideration of the fertility of soil & from the valuation of the Village is following.

Wet 30 lbs full water at 8 p.m. — 240 —
 Wet 18 lbs 430 full water at 9 p.m. — 85 —
 Wet 6 lbs full water only — — — 2485 —
