The person [illegible] who appeared for settlement states that they are appropriating the proceeds of the Village Watanam for the use of the Temple & those of the Village which being appropriated for their own use, that is alone since long as under the orders of the Government - that the orders were such - & upon they state that they are not willing to appropriate the proceeds of the entire Village & the use of the Temple - The Government is under the impression up to this time that the proceeds of the entire Village are being appropriated for the use of the Temple & as in the Ramabandy Accounts, the entire Village is being deducted annually as the one granted for the support of the Temple &

Servants of Iyur - It is true that all the Watandars & all the public & institutions appropriate portion of the endowments being for the use of the same & the rest appropriated themselves - How the Watandars merely receive daily a petty quantity of rice & cooked & the Temple returns this house with it - This is but a small amount - But the entire Village is being appropriated to the use of the Watandars But the object of the grant is such - & the object of the grant is being fulfilled partly & as similar misappropriations are general in all the endowments, I request the Village in the name of the Watandars & the Nayakar jointly & being both the Nayakar is Trustee of the Temple & I am in receipt of the entire Village to the use of the Temple in through regular course - The Watandars any portion of the Village has been mortgaged for 500 & years ago & a certain portion & they will redeem it within the next two years - The Arrangement of the Watandars are pleased with the Government

The average income of the Village is 128 Rupees per annum - The average [illegible] annually
