316

This Inam appears to have been in the enjoyment of the parties in Col. 16 & their ancestors for more than 30 years; Nos 3 & 4 appear to have a Share in the Inam for rendering Purohitam Services. I see no ground for rejecting their Claim, having had an undisturbed enjoyment for a long time; and no direct heirs are found in the family of Samavadhiar

The age of the Inam is more than 50 years

To be Confirmed to the parties as per Col. 16 in three Title Deeds, according to Shares

Quit Rent at 1/8 agreed to.

The whole of this Inam, being useful only as a burial ground and not either for cultivation or plantation, being fit either is recommended to be struck off the register.

Hassan Mahammad, a member of this family & to whose share this tope has fallen, appears to be in the enjoyment only of the tope; the land being left to be used as a burial ground. Instead of treating this as a personal Inam, I would Confirm both the land & the tope, free, as a burial ground in the name of Hassan Mahammad in whose possession they are at present. —

To be struck off the register, the whole land being entirely occupied by tombs, without any trees found on it. —

This Inam is partly occupied by tombs & partly by trees; & the trees are in the enjoyment of Buran sheriff for more than 50 years. To be, therefore, Confirmed free as a burial ground in the name of Buran sheriff.

There are grounds to infer that, for more than 50 years the Inam land, has been used as a burial ground & the tope on it being in the enjoyment of one Hathadeen. To be, therefore, Confirmed free as a burial ground in the name of Hathadeen.
