Adjoining the choultry there are two Topes raised in Porambokelands which, being allowed for the use of the public, ~~they~~ are exempted from the payment of assmt. The ~~[illegible]~~ Nos. &c of the Tope are given in the margin. Collr. Mr. Bourdillon issued a Tkeed 5th June 1854, to the Effect that these Topes which exist from a long time may be allowed to continue free of assmt. as long as they are useful to the public & travellers. These Topes do not appear in any Inam accts. I therefore omit their registration as separate Inams.
