Crop	Area	Assessment											

Rz. No. 9

General Remarks

The assessment in the Register is according to the present rates in operation in this District on the Government lands. They were introduced under orders of Government by Mr. Bamber in 1865. These rates have invariably been applied to lands which have reverted to Government on lapse since the remission. The reduction was made on the net survey assessment subsequent to the deduction of the usual remissions of 33⅓%. The particulars are fully explained in the General Report.
